CLOUDCROFT SEES
OLD TIME DANCE

Virginia Reel in Vogue;
Preparations for the
Chautauqua.

(By Mrs. W. S. Tilton).
Cloudcroft, N. M., Aug. 5.—An old fashioned Virginia reel of two sets, was danced at the pavilion last night with Judge H. H. Neill and J. A. Eddy in the lead. The members of the younger set stopped dancing to watch the pigeon wing, double shuffles and old time fancy steps by those of the older set. There is some talk of reviving the old fashioned quadrille.

Dr. C. Clayton Patch, promoter of the Chautauqua, was at the Croft for a few hours yesterday, and had a meeting of the chairman of the various committees, the reports showing that the work is progressing and all will be in readiness when the Chautauqua convenes August 15.

Rev. Henry Easter will open the meeting with prayer, J. A. Eddy will tell something of the Chautauqua in Cloudcroft, and then introduce Governor W. J. Mills, of New Mexico. The other speakers will be Mayor Byron Sherry of Alamogordo and Judge A. B. Fall. Music will be furnished.

A program that will compare with any of the Chautauquas in the country will be furnished during the session which will last two weeks.

The outdoor meetings are some of the attractive features of the assembly. Some generous donations have been given by the representative people of New Mexico. About \$500 will be needed to meet the expenses of the Chautauqua.

Mrs. Jasper Woolridge and little daughter are the guests of Mrs. Horace W. Broadbent.

NEW MEXICO COURT
HANDS DOWN DECISION.
Important Insurance Ruling—Survey for New Highway—New Bank Building for Santa Fe.

Santa Fe, N. M., Aug. 5.—The supreme court has affirmed the decision of the lower court, in the suit of Mrs. Emelia M. Perea, widow of the late Pedro Perea, former delegate in congress, against the State Life Insurance company, of Indianapolis, Ind., for \$11,050. The lower court gave judgment for that amount. A few months before he died, Perea took out a policy in that company and the defendant is alleged that in filling out the application blank he evaded direct answers to certain questions and failed to disclose that he had been to a physician to be treated for indigestion. He died a few months later of a hemorrhage of the stomach caused by ulceration of that organ. The defendants also alleged that Perea failed to pay a note given the agent for a large part of the premium. It is very likely that the case will be carried to the United States supreme court.

HASKIN ON THE
NAVY OF GERMANY

(Continued from Page Six.)

of the Monroe doctrine and the conquest of South American territory.

Germany Seeks Favor.

The German government has courted most assiduously the favor and good will of the American republic. Prince Henry toured the states; a German ambassador with an American wife played tennis with the strenuous president; and another German ambassador also with an American wife, in a speech at Philadelphia practically subscribed to the principles of the Monroe doctrine. There was a flurry in diplomatic circles a few weeks ago when the text of the Kaiser's letter to his "great and good friend" president Madriz of Nicaragua was made public, but on the whole the United States has seemed to be very much alarmed by the German war lord.

Not since Waterloo have all the nations of the world looked upon any one power with so much suspicion. The German army, the most powerful on earth, and the German navy, so rapidly increasing in power, disturb the sleep of the diplomatists of all the non-German world. And yet, since the empire was established, the German army has not fought a battle and the German navy has not fired a gun.

The German advance, thus far, is not a military movement. It is not a campaign for conquest of territory. It is not a movement for mere political aggrandizement. It is something more than all of these. It aims at something more than Rome ever did. It purposes something greater than Britain has accomplished.

The Protective Army.
The German advance is a deliberately planned economic campaign in which the military forces of the empire are used for protection of German interests and not for threatening the safety of other nations. Its aim is to make Germany commercially and industrially the supreme nation of the world. Its purpose is to abolish poverty and to make the German people the most prosperous people on earth.

His endeavor is to claim every drop of German blood and every energy of German body and mind for the German state, and therefore to make that state supreme in the moral, as well as in the economic and political sphere.

Many years ago the great Bismarck summed up the German imperial spirit in these words: "Up to the year 1866 we pursued a Prusso-German policy. From 1866 to 1870 we pursued a German-European policy. Since then we have pursued a world policy. In discounting future events, we must also take note of the United States, who will become in matters economic, safety of other nations. Its aim is to make Germany in matters political as well, a much greater danger than most people imagine. The war of the future will be the economic war, the struggle for existence on the largest scale. My successor always bear this in mind and always take care that Germany will be prepared when this battle has to be fought."

Bismarck's successor was not a Chancellor, but a Kaiser, and there is yet no reason to believe that he has not done everything humanly possible to prepare his empire for that great economic war.

Tomorrow—The German Naval Policy.

NEW CHIEF OF THE
SALVATION ARMY

Adjutant John Howard has come to El Paso to take up the work of the

MEN WANTED

No Man Over 45 Years of Age Need Apply.

There's the sign that's getting to be a common thing in America. Corporations are retiring men at 50. They are not hiring anyone over 40. A baldheaded man usually looks 10 years older than he is.

A man with gray hair always does. It is important nowadays that a man should look as young as he is: it is vastly more important that a man with a family dependent upon him should take care of his hair.

If you have dandruff, get rid of it by killing the germs.

If your hair is falling out, stop it. If your hair is fading, don't let it. There is one sure remedy that will cure these misfortunes and aid you to remain young.

Parlisan Sage, the grand and efficient hair restorer, is guaranteed to permanently remove dandruff in two weeks, or Kelly & Pollard will give you your money back.

Parlisan Sage stops falling hair—it prevents the hair from falling.

It is the best beautifier of ladies' hair as it makes harsh, lusterless hair fluffy, soft and beautiful. It is a most refreshing and faintly perfumed dressing, not sticky or greasy.

Parlisan Sage is sold and rigidly guaranteed by Kelly & Pollard. Price 50 cents a large bottle, or by express, all charges prepaid, by the American makers, Gironx Mfg. Co., Buffalo, N. Y. The girl with the Auburn hair is on every bottle.

Salvation Army, relieving adjutant West, who has gone to Oakland, Cal. Mr. Howard comes here from Hannibal, Mo., but has spent three years at Little Rock, his last permanent station. He has also been on duty in all the larger cities of Texas and is well known in the state. He is a little talker and an active worker among the poor of any city where he goes.

GOOD CROPS NEAR
DOUGLAS ON RAIN.

Douglas, Ariz., Aug. 5.—The rains continue to fall in the Sulphur Springs valley day after day. The showers come up evening after evening, and a day of bright sunshine, and it is now assured that the farmers in the valley will have the best crops ever harvested.

This is especially gratifying to this season, because the acres planted in corn, kafir corn, milo, alfalfa, potatoes, beans and vegetables is five times what it was last year. No irrigation is needed now for any crop.

DEMOCRATS AT DOUGLAS
ARE EVIDENCING ACTIVITY.

Douglas, Ariz., Aug. 5.—Four Democrats have been announced as candidates on the ticket to be voted on for delegates from Douglas to the state constitutional convention at Phoenix. They are James S. Douglas, A. B. Packard, R. B. Sims and mayor H. J. Wright. The Republicans have made no announcements as yet, probably leaving the selection entirely in the hands of the convention at Benson. The Democratic convention in Cochise will be held in Douglas.

DO IT NOW

El Paso People Should Not Wait Until It Is Too Late.

The appalling death rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headache, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case in point:

L. Hudson, 1317 E. Overland street, El Paso, Texas, says: "I, as well as other members of my family, have used Doan's Kidney Pills with satisfactory results. I was troubled by dull pains in the small of my back, especially noticeable when I sat down. I was finally advised to try Doan's Kidney Pills and I did so, procuring a box at Kelly & Pollard's drug store. They gave me the desired relief and for that reason I can recommend them to all kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Don't buy your Grain, Hay and Seeds elsewhere until you see what we can offer you and learn our prices. No matter how large or how small your orders may be, they will receive prompt and courteous attention.
